

BEAVIS AND BUTT-HEAD PERSPECTIVE ON MICHAEL AOUN'S POLITICS

UHHH... OK

Beavis and Butt-head is an American animated television series created by Mike Judge. The show centers on a pair of teenagers, Beavis and Butt-head, who live in the fictional town of Highland, Texas. They while away their time in sarcastic conversation, fantasizing about sex and masculinity, although they have no real-world experience with either thing. They attend Highland High (based on a real high school in Albuquerque, New Mexico, where Judge grew up) and occasionally work at part-time jobs, putting as little effort as possible into everything they do. They survive their misadventures without serious consequences, and with a generally contented, though critical (not apathetic) worldview. (Wikipedia)

This article is by no means an attempt to belittle the two characters of the successful show or to take credit for their creator's work. It is only an attempt to make a point using their type of sarcastic personalities. This is due to the fact that after observing Michael Aoun's behavior for 20 years, it became evident that understanding such an individual is beyond the mental capabilities of the normal people from planet earth. Therefore, we decided to seek the professional perspective of Beavis and Butt-head for it takes someone with their like to analyze Aoun's erratic behavior. Furthermore, it takes someone with their type of "intellect" to comprehend his psychotic disorders.

Uhh, Our stolen money suitcase study is about the retarded, uh, retired/ousted/former PM/current MP/Napoleon/Patriarch/General Michael Aoun. Uhh, you know, mon, ton, son General Aoun have been giving daily lectures on many national issues i.e. his latest one when he gave Dr. Geagea a comprehensive, very informative, and valuable rubbish lecture on the "proper ways to apologize," uhh This is only one of his highness many studies. You know, uhh, Aoun is an ex-pert on many issues. In earlier events, for example, he gave lessons on how to be a loser patriot even after losing a war, running away from the battlefield to coward survives while let others die, uhh, this dude sucks, uh2 and then return from exile and become an elected *Patriarch* on the same people that has been slaughtered. In fact, uhh, Aoun also gave lessons to the media on how to be a good reporter and what type of questions journalists should ask in order for them not to corner, uhh, or embarrass, an weasel official since such behavior may ruin his phony show career as a result. Uhh, you know, you don't want that to happen uhh, you know. He also gave lessons on how an official can flip flop, make U-turns, and steep lower than Weam Wahab and Naser Qandil in the defense of his former enemies/current allies, yet still find some ignorant audience to cheer and clap for him. Uhh, he can do that without tipping his entire

load? uhh, cool uh2. However, the most important lesson he gave was: How to make some color blind people to be obsessed with a color, even wear it, which is ugly to the degree that it is used by many other countries to dress up their prison inmates as a means of punishment-Orange. uhh orange sucks, I like apple dude.

Uhh, Moreover, Aoun is credited to introducing the new lowest form of political speech and communication in the history of monkey, uh, mankind. Some still remember telling a former president that he cannot reach below his waist uhh, despite how short Aoun is? Uhh, this sucks dude when dealing with honesty. This is despite the fact that the General is less than 1.5 meter in height, uh, or width, was appointed by this president. Moreover, despite his frivolous lawsuits against numerous media outlets and writers for alleged defamation of his unique character, in his latest speech to the Medical Committee in the Aoun movement, Aoun bluntly accused Prime Minister Fouad Saniora of *theft and of being the thief of the treasury*.ⁱ This is ironic since Aoun's son-in-law a.k.a. the airhead uh, "heir," and his nephew, another Aoun, are proud ministers of PM Saniora's cabinet. Furthermore, Aoun claimed to be facing an organized conspiracy, which is targeting him because he is, or since he does...well, uhh just because fighting corruption. Not surprisingly, the general claimed victory over the conspirators and promised to remain standing on his own feet, alone, (forget Hezbollah, SSNP, Baath, Marada, Syria and Iran backing for now) because his *conscience* uhh, what's that? *is clear* and because he has *nothing to fear*. Uhh, ok, but, uhh, Aoun, however, did not attend the unprecedented and historic beatification of the Vatican of father Yaacoub Kaboushi due to his fear of uhh, people throwing tomato and lettuce at him assassination? ...Uhh, this is cool.

Uhhh, Moreover, isn't it for security reasons that Aoun did not pay tribute to martyr Dani Chamoun's grave, who by the way was killed because of Aoun's politics? But, uh, how come he wasn't afraid to pay tribute to Imad Mugheneyeh's grave in south Lebanon? Uh, whatever dude. Furthermore, uhh, wasn't for security reasons that Aoun failed to offer condolences to the family of the Lebanese Army martyr Lieutenant Samer Hana who was assassinated by the general's closest ally, Hezbollah, bluh bluh, or the new "Christians' protector" as the general licks his, uhh likes to portray the *takfeery Jihadist* militia who's Secretary General Hassan Nasrallah's main objective is to *return the Jbail and Kesserwan districts for they are Shiites land, which were occupied by the Christians who were sent by the Byzantine Empire...*ⁱⁱ uhh, dude, this is so dumb.

Uhh, Having said all this crap, it is worthy to note that the Christians fools have nothing to worry about for this is only a speech by Nasrallah before he signed the MOU on toilet paper with Aoun. You know, uhh Nasrallah has other bigger fry to fish, uhh, fish to fry, whatever dude. He wants to liberate Jerusalem from the Jews and from the Palestinian Sunnis first, and he wants to reform the corrupt Arab regimes, especially Saudi Arabia and Kuwait. Uhh, This is of course his priorities unless Aoun handed over the two regions to Hezbollah on a silver platter. But Aoun won't do this, unless, unless, uhh, he protects the Christians' rights first by getting paid in full payment, in US dollars, or Gold, but no checks. uhh, Gold is cool dude. After all, this is the right of the foolish people who erected him, at least those who survived his stupid senseless wars, and which he wants first and foremost to protect from Saad hariri who is distributing financial aid to those people simply because he wants to buy out their votes in the next elections, uhh, uh2 he said erection? uh2. Whatever dude. Thus, here's Aoun's plan to prevent such practice from taking place: how could the people of Jbail and Kessrwan sell out their votes to Hariri if they are replaced by Shiites? Case solved. Aoun, it seems, will hand over the two districts to Nasrallah. Uhh, genius strategy, mon, ton, son General electric, very, very genius! Uhh, dude, why didn't Patriarch Houwayek think of that?

Uhh, you know, Furthermore, here's how Aoun protected the Christian people when he was in Baabda Palace in 1990. Uh, you see, uhh, When the General was entrusted on the Lebanese government and institutions, the country was at war and people were dying. Thus, in order to protect them and stop the fighting for their freedom and dignity, he simply came and handed over the presidential palace along with the free Christian zone to Syria. Uhh, this is dumb dude. The fighting stopped, immediately. uhh, genius mon, ton, son general, genius. Uhh, Thus, the war ended and the Christians fools who were still alive lived in pieces, uhh, peace. Genius! Uhh, However, you see, uhh, Aoun is a fishy, uhh vision-ary, uhh visionary. He foresaw the outcome of his policies way before they occurred and way before the Christians knew what was going to hit them. So, uhh, Accordingly, he did his best to protect the wealth and the money of his people. Uhh, oh no, he did not forget about their wealth, no way dude. Thus, before he opened the Trojan condom, uhh, gates to the Syrians to screw them up, uhh to occupy their land, Aoun shmuck smuggled all of the Christians' money to banks in Paris, France, Uhh, don't worry dude, uhh and deposited the money in his name and in his old broad, uhh, wife's name. Uhh, so, it is safe dude; you just mind your business dummy, uhh and don't worry. Uhh, **Nonetheless**, as a precaution, if something happened to mon, ton, son General Aoun, his

Son O.B. in law Gebran Bassil will take care of business. uhh this is cool stuff dude.

Uhh, As a result of his crappy tactics, many politicians and leaders have become envious of Aoun and his victories. Therefore, they do not appreciate his efforts and hard work, uhh, *especially the Patriarch. You know, that old man in Bkerki is a traitor.* Such atmosphere of animal animosity created hostility in the farm, uhh country, especially among fools Christians. In fact, Aoun has created an unprecedented environment of disrespect in Lebanese politics. Some of his followers dare to openly and bluntly attack the Patriarch with no regards to his eminence. On their tayyar forum, some discussion actually puked, uhh went like this: *...Instead of joining the Free Patriotic Movement, the Patriarch just sits in Bkerki and conspires with March 14 group to eliminate Aoun. uhh, you know, ...This Patriarch is such a corrupt dude. ...No one even elected him. At least Aoun was elected by 70% of the fools, uhh, Christians. Accordingly, Aoun is the Patriarch, and the Patriarch is uhh, nobody. He should, uh, uh, go home or something. Uh, ...guys, can't we just talk to the Pope in Rome to oust him? That Pope is another corrupt, uh, uh2 Nonetheless, we have news for them; uhh, anyway, dude, these cowards can rest assured that they will never get to have Aoun's legacy-the Christians won't allow that to happen to their leader who pulled them out of the dirt and placed them on uhh, on, well, uh, on whatever dude, world's map. ...Aoun knows what he's doing, duhhhhh.ⁱⁱⁱ We trust him. uhh wacko. Therefore, coming next elections in 2009, uhh, the Christians uhh dumb uhh will get their revenge from all those martyrs who died fighting against the Syrians to liberate Lebanon and they will vote only for uhh their savior? Uhh, protector's list of mon, ton, son General Michael Angelo. Uhh, As a sign of appreciation, they will also vote Jijou Bassoula (ye2bor 3ammou inshallah) all his list into parliament so they can help protect the Christians from all the visible and invisible enemies, uhh but especially from that dude Mar Charbel, Hardini, and Rafqa, uhh, they are from the north, uhh if you know what I mean, those dudes are with Geagea, uhh and Aoun will protect them from Notre Dame Du Liban in Harisa. Uhh, dude, what is she doing on that nice hill anyway? It can be a nice position for Hezbollah's radar system or something, uhh to protect us from the Zionists and their ally the Beatles, uhh the American Satan. the Hariristan. Uhh, Only then Aoun can fight this corrupt government of March 14ers and if need be he will fight the Americans even though he's a sheep or a donkey, which ever can fight more senseless wars. Uhh, he said sheep dude? We trust him.^{iv}*

Uh, dude, Uhh, this country sucks, uhh anyway The list of Aoun's entertaining yet dangerous political manure, uhh maneuvering requires

volumes to explain, uh, ok, got time Beavis? Uh2, However, uhh, we cannot but wonder: how low can someone go in lying and deceiving the idiots, uhh people before reaching the bottom of self-disrespect, or before the people say enough is enough? Uhh, I duno dude, uh pretty deep? Uh2, When will he or his entourage say this is as low as we can go? Uhh, I duno, but this is cool dude he he2, he2, he he2. This is the absurd miserable situation of the Christian fools, uhh people and their painful sh.. uhh, saga with General Michael Aoun. This dilemma will end only when they kick his ..., uhh say we have had enough hypocrisy and manipulation. uhh, good luck dude, uh2. This dude sucks.
